Incident Management of Major Fires	<ul style="list-style-type: none"> Held the rank of suppression officer or higher within a Recognized Fire Agency in California for a minimum of five years Has specific expertise in command level strategy and tactics at major fires
Incident Management of the Fire Fighter Emergency	<ul style="list-style-type: none"> Held the rank of suppression officer or higher within a Recognized Fire Agency in California for a minimum of three years OR; Worked as a volunteer suppression officer or paid call officer with a Recognized Fire Agency in California for a minimum of five years
<u>Incident Management of High Rise Fires</u>	<ul style="list-style-type: none"> <u>Held the rank of suppression officer or higher within a Recognized Fire Agency in California for a minimum of three years OR;</u> <u>Worked as a volunteer suppression officer or paid call officer within a Recognized Fire Agency in California for a minimum of five years</u> <u>Specific expertise in command level strategy and tactics at high rise fires</u>

6.8.1.4: Instructor Registration Equivalency

A. Incident Management of Major Fires Registration

- a. Command Instructors who are registered to teach Fire Command 2A and have completed the Incident Management of Major Fires course prerequisites are authorized to instruct the Incident Management of Major Fires (2015) course.

B. Incident Management of the Fire Fighter Emergency Registration

- a. Command Instructors who are registered to teach Command and Control of the RIC Deployment (2011) are authorized to instruct the Incident Management of the Fire Fighter Emergency (2016) course.

C. Incident Management of High Rise Fires

- a. Command Instructors who are registered to teach Fire Command 2C: High-Rise Fire Fighting Tactics (1995) are authorized to instruct the Incident Management of High Rise Fires (2016) course.

Justification: The State Board of Fire Services (SBFS) has approved the Incident Management High Rise Fires (2016) curriculum and associated educational requirements. These changes are directed at meeting the current National Fire Protection Association (NFPA) standards, which includes NFPA 1021, 1407, 1521 and 1561.

The current SFT Procedures Manual dated January 2015 does not include this new course. This interim procedure clarifies the instructor registration requirements for Instructors seeking to teach the new course.
